

Introducing Grand Island's only father/son chiropractic team...

*Join us for light refreshments during a welcome home reception!
Thursday, January 10 – 2:00 to 5:00 p.m.*

Dr. Tim Dunagan is proud to announce the addition of his son, Dr. Brian Dunagan, as a new member of the team at Grand Island Chiropractic Center.

Brian graduated from Grand Island Senior High and holds a bachelor's degree in Biology with a minor in Chemistry from the University of Nebraska at Kearney. He recently completed his Doctor of Chiropractic degree from Northwestern College of Chiropractic in Bloomington, Minnesota.

And while everyone calls him "Doctor," his partner also calls him "Son." Brian's father, Tim Dunagan, D.C., founded Grand Island Chiropractic in 1979, with the mission of providing conservative, safe, and effective treatments of spinal disc injuries and other musculoskeletal disorders.
